FEATURES

Serie Mio excel by ability to combine nice smooth design with convenience. The round, elegant, massive shapes of the Mio wall-hung toilet brings a pleasant design. The contrast of the full body of the toilet and the ultra-thin seat is a beautiful detail. Novelty is two new colour versions: white matte (batch 757) and elegant black matte (batch 716) variant. Classic white (batch 000) is also available. For easier maintenance, the toilet can be ordered with a specially developed surface treatment of JIKA Perla ceramics (batch 100), which extends the lifetime of the product. The Rimless design prevents deposition of dirt and bacteria in hard-to-reach spots, which makes WC cleaning much simpler. The Dual Flush mechanism saves water flow with the option of 3 or 4.5 liters. We provide an extended warranty of 10 years for JIKA ceramic products.
